Badge Program/Skills Testing

Skating Director Jen Kaminski will be reviewing with the skaters how skills testing will take place in the coming weeks.

Coaches will be testing skaters on current skills. When a level is passed, the skater will be eligible to receive a badge for the level passed. If the skater doesn't pass a skills test, it simply means they need more work on a particular skill set and can try the test again during the next evaluation. The skater will receive a certificate showing what level they are currently working on if they do not pass the skills test. More information will be available on testing in the coming weeks.
